

Dear Sirs.

We manufacture and sell motorcycle parts from Japan.
The main types are classic bikes such as Kawasaki Z1, Mach and Honda CB-K.

In recent years, we have also been proactively proposing custom parts for current cars such as Kawasaki Z900RS.

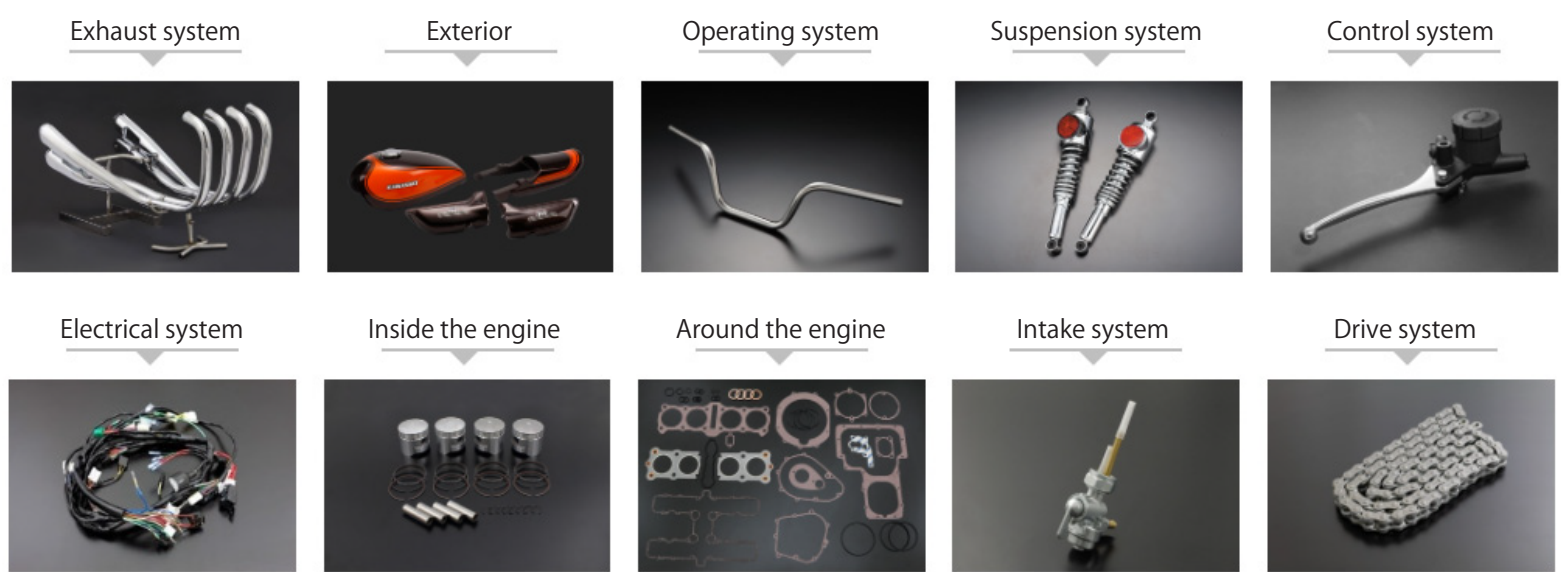

We suppose you may be interested or owner of same motorcycles above.

If our products are the best option for you, we believe we can meet that demand by supplying them.

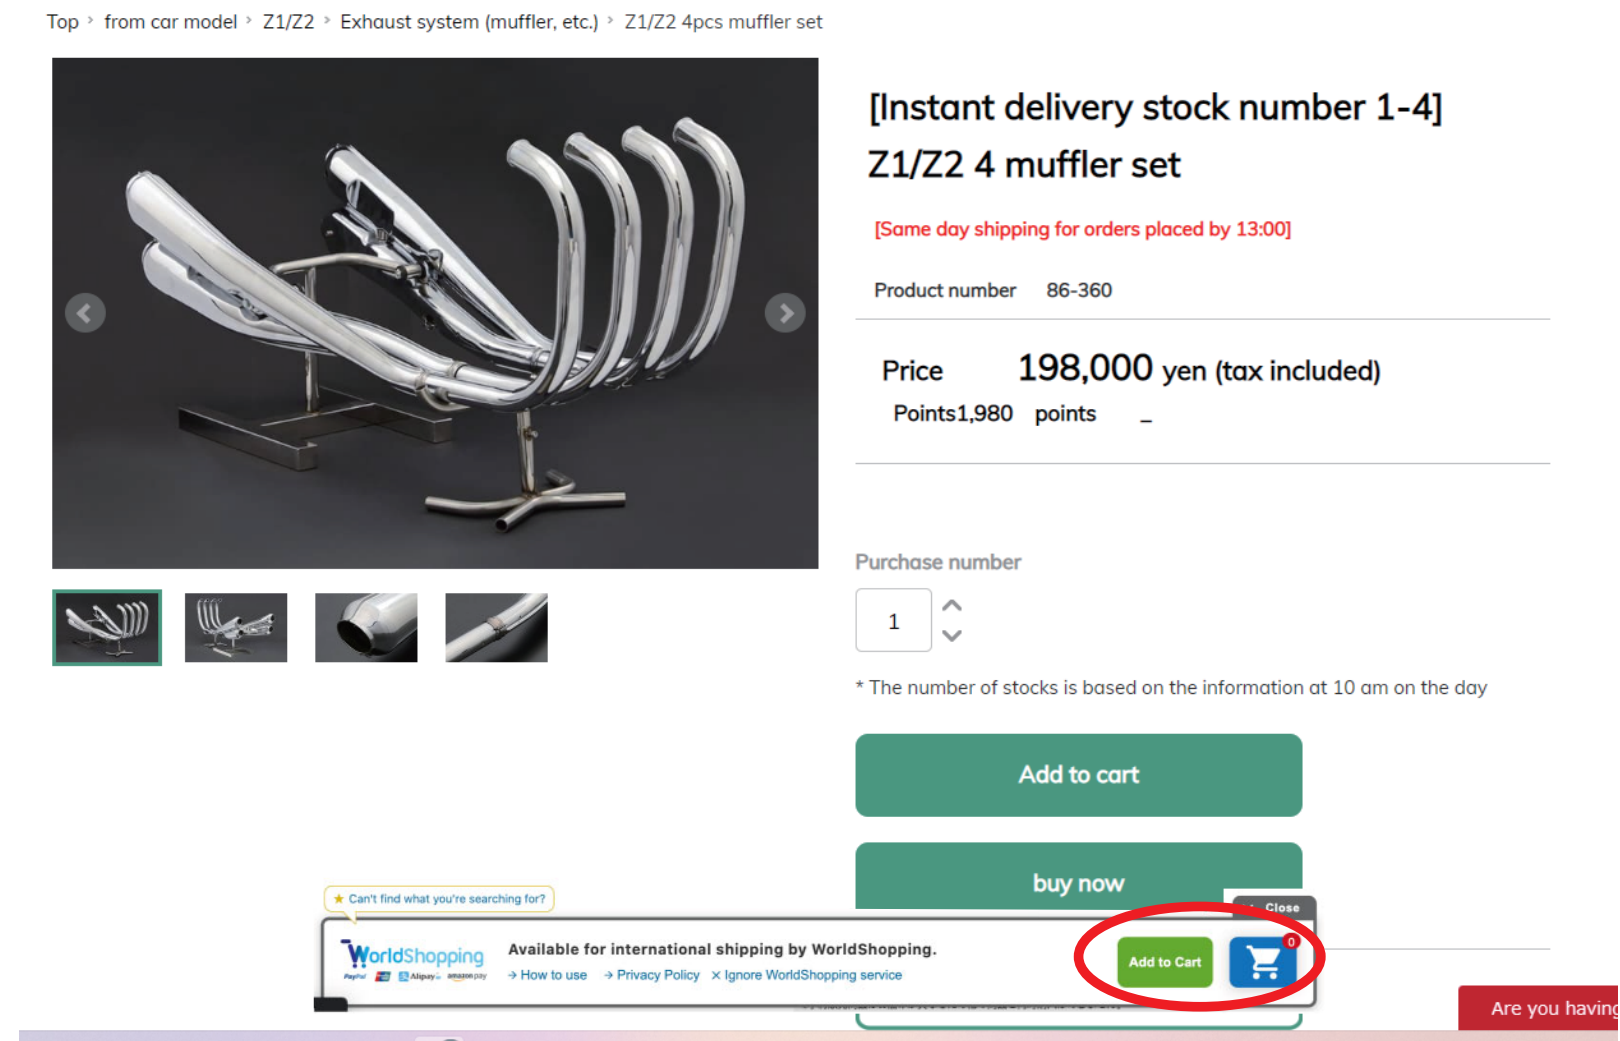

If you haven't seen our products yet, please take a look at our online shop from the link below.
* The site is composed in Japanese, so, we appreciate if you could check it using the translation function by Google or other platforms.
